Title: Eventer

Project description: In the current digital age, it is becoming increasingly more important to get people to connect in the real world again. This is what eventer aims to do. Connect all different kinds of people over common passions, in real life. Users get offered events targeted at their interests and get to experience them in a new social setting.

User stories:

User story 1:

as a user
I'm able to log in
so, I get redirected to the homepage where I can see available events

Acceptance criteria:
- Login screen is shown
- After logging in, username is displayed on screen
